Mark Weiss
Mayor

Dear Village Residents,

It is with the greatest of pleasure that I join the Board of Trustees to inform you that we have selected Pratt Brothers, a highly regarded specialist road paving contractor, to repave the Village-owned roads ripped up by the water and gas companies during their system upgrades over the summer. Work will begin on or about - OCTOBER 26, 2016 (WEATHER PERMITTING).

Prior to work beginning on each of the effected roads, residents will receive hand delivered letters –of-notification detailing when and how they will receive future communiqués about the need to move cars out of their driveway and when their streets will be closed for periods of time.

The following roadways to be included in this wave of repaving are:

- . Everit Avenue from Schenks Lane to Albon Road
- . Schenks Lane, from Everit Ave to Harbor Road
- . Harbor Road, from Schenks Lane to the bridge, west of Channel Drive
- . Thixton Drive, from Harbor Road to Dead End
- . Channel Drive, from Harbor Road to the NE to Harbor Road on the SW.

The Board and I are well aware of the inconvenience this utility upgrade has caused, and we are pleased to finally begin the much needed road restoration work that will certainly go a long way to restoring the highest quality of life we all expect in the Village of Hewlett Harbor

As for the private roads, where the Village is legally prohibited from doing maintenance or street restoration work, we are working to get the utilities to in short order properly repave the cuts they made in the road during their upgrade work.

On behalf of the Board of Trustees, I want to thank you for your kind understanding and for your patience. If you have any questions, please do not hesitate to call our Village Clerk, Mike Ryder at 516-374-3806

Mark Weiss, Mayor
